Product Description

Features

Adjustable Support Harness -STIHL backpack blowers and sprayers are equipped with an adjustable support harness that distributes weight evenly across the shoulders and back, reducing user fatigue.

Anti-Vibration System -The STIHL anti-vibration system helps reduce operator fatigue and provides a more comfortable working experience.

Multi-Function Control Handle -Having easy access to all of the controls on one comfortable handle makes it easy to complete tasks so the operator's hand never has to leave the handle.

Made in America -A majority of STIHL products sold in America are made in America of U.S. and global materials.

When you need more power than a manual sprayer, but want the same portability, the STIHL SR 200 is the answer. This value-priced sprayer is in a class of its own, featuring a low exhaust emission, fuel-efficient engine that delivers up to 20% better fuel economy than most conventional two-stroke engines. It's easy to use with a one-hand joystick-style control handle and provides excellent control over rate and range of spray. Because it's a STIHL, it uses high-quality components and a comfortable, ergonomic design. With the SR 200 backpack sprayer, a little goes a long way.

Warnings and Safety

WARNING!Improper use of any power tool may cause serious or fatal injury. Read, understand, and follow carefully the operating and safety instructions in your instruction manual before using such products.

STIHL products sold through U.S. STIHL Dealers are for distribution in the United States only.
