Product Description

EGO POWER+ 17.5" String Trimmer Tool Only - STX4500

Powered by industry-leading 56V ARC Lithium™ battery technology, the EGO Commercial 17.5" String Trimmer boasts a robust 1,600W high-performance brushless motor that delivers instant torque for all-day power equivalent to a 35cc gas engine. Designed for heavy-duty professional use, the string trimmer's commercial-grade construction delivers 5X longer life with precision-engineered UV-resistant composite housing and IPX5-rated weather resistance for working through the worst weather conditions. Its industrial-strength carbon fiber shaft stands up to job after job while being lightweight for easy handling along fence lines or around ground obstacles and garden beds. Three-speed digital control optimizes runtime at lower speeds or taps into maximum power to rip through dense grass and thick weeds. The ergonomic quick-adjust auxiliary handle allows fast transitions from trimming to edging with ultimate control. Work quickly and efficiently with the trimmer's large 17.5-inch cutting swath. Its Rapid Reload head accepts up to 26 feet of .095 to .120-inch professional-grade line and gets you back to work in seconds by lining up the arrows on the head, inserting the line, and twisting. The trimmer runs up to 60 minutes on low on a single charge with a recommended 56V 5.0Ah ARC Lithium™ battery (available separately). Your investment is protected with a two-year, no-catch warranty. Maximize uptime and grow your business with the powerful tools and smart tech of EGO Commercial.

TECH SPECS

- Brushless motor delivers 1,600W max power, 900W rated power — replacing a 35cc gas engine
- Runs up to 60 minutes on low with a 56V 5.0Ah ARC Lithium™ battery (available separately)
