Product Description

Redneck Blinds CAMO Game Changer Platinum 360° 6X8 Box Blind

Get a 20% discount on deer corn with the purchase of a Redneck Deer Blind or Lamco Feeder (Up to 40 Bags - Reg price: \$8.99/50# bag)

The 6'x8' CAMO Game Changer is Redneck Blind's largest box blind. So large, the blind will comfortably fit three to four adults. If you like to hunt with a group, your kids, or camera equipment, this blind is the best option you can purchase. And the views and scanning angles are amazing!

- The new one-piece EDPM automotive rubber window gaskets featuring a slip coat allow windows to open quietly without sticking.
- In addition, new HDPE adjustable window tension knobs are included on horizontal windows. Combined with our new one-piece foam gaskets, the 2025 blinds feature even better scent and moisture control.

Having more room to accommodate more helpful eyes to spot your trophy of a lifetime, the CAMO Game Changer sets the bar high. Combine the 46" tall vertical windows with large oversized horizontal windows and a roomy interior, and you have the ultimate blind for compound bow, crossbow, or gun hunting.

This combination of size and window functionality gives you plenty of room, visibility, and angles to make a perfect shot when the moment of truth arrives. If you need to sleep in the blind to catch that big buck at first light without getting busted, the CAMO Game Changer has ample space to accommodate a small cot or air mattress!

The box blind is made from long-lasting fiberglass with a durable gel-coat finish. The 2" roof overhang and window drip edge help keep the rain off the windows, giving you a clear view of your hunting grounds. The

interior of the blind comes with a closed-cell foam insulated ceiling, acoustical foam-covered walls, and a high-density foam pad underneath a marine-carpeted floor to provide superior sound control and insulation.

The 6x8 includes three gear consoles, shelves with gun holders to help organize your blind, and one green LED light under the front. Large, tinted, tempered automotive glass windows with whisper-quiet hinges provide a clear view. High-quality automotive window gaskets and door molding help keep your scent in, the blind dry, and the pests out. The fiberglass bottom prevents rotting and varmint damage.

The blind is made in the USA and comes completely assembled.

Standard Blind Features Include:

- Made from long-lasting fiberglass
 - Large tinted tempered, automotive-glass windows
 - Vertical and horizontal glass windows for bow, crossbow, or gun hunting
 - Silk screen black camo pattern on the lower half of vertical windows.
