Product Description

Redneck Blinds CAMO Buck Palace Platinum 360° 6X6 Box Blind

Get a 20% discount on deer corn with the purchase of a Redneck Deer Blind or Lamco Feeder (Up to 40 Bags - Reg price: \$8.99/50# bag)

The CAMO Buck Palace Platinum 360° 6X6 Box Blind is the blind of choice for professional hunters like Lee and Tiffany Lakosky, Bill Winke, Michael Waddell, Buck Commanders Willie Robertson, Luke Bryan, Heartland Bowhunters, and many others for good reason... It is the Best Hunting Blind on the Planet!

- The new one-piece EDPM automotive rubber window gaskets featuring a slip coat allow windows to open quietly without sticking.
- In addition, new HDPE adjustable window tension knobs are included on horizontal windows. Combined with our new one-piece foam gaskets, the 2025 blinds feature even better scent and moisture control.

The CAMO Buck Palace Platinum 360° 6X6 Blind sets the standard for comfort and usability among deer blinds. Combine the 46" tall vertical windows with large oversized horizontal windows and a roomy 6x6 interior, and you have the ultimate blind for compound bow, crossbow, or gun hunting.

This combination of size and window functionality gives you plenty of room, visibility, and angles to make a perfect shot when the animal you are hunting presents itself. Plenty of room exists for up to 3 adults or two adults and two children.

Quality Built and Made to Last

Made from long-lasting fiberglass with a durable gel-coat finish. The 2" roof overhang and window drip edge help keep rain off the windows, giving you a clear view of your hunting grounds. The interior of the blind comes with a closed-cell foam insulated ceiling, acoustical foam-covered walls, and a high-density foam pad

underneath a marine-carpeted floor to provide superior sound control and insulation.

A mounted gear console, shelves with gun holders to help organize your blinds, and one Green LED Light under the front. Large tinted, tempered automotive-glass windows with whisper-quiet window hinges provide a clear view. High-quality automotive window gaskets and door molding help keep your scent in, the blind dry, and the pests out. The fiberglass bottom prevents rotting and varmint damage.

Blind can be mounted to Redneck's heavy-duty powder-coated steel stands or their unique trailer stand or blind sled. The blind comes completely assembled. Instructional DVDs and printed instructions are included to ensure safe setup. **Blind is made in USA.**
