Product Description

EGO POWER+ Commercial Hedge Trimmer - HTX7500S

The EGO Commercial 30" Single-Sided Hedge Trimmer boasts a 720W high-performance brushless motor that delivers the power equivalent of a 25cc gas engine; built-in debris sweep clears trimmings as it cuts to help you speed up your work.

TECH SPECS

- Brushless motor delivers 720W max. power, replacing a 25cc gas engine
 - Runs up to 210 minutes on low (90 minutes on high) with a 56V 2.5Ah ARC Lithium™ battery (available separately)
 - Debris shield sweeps trimmings as you cut to help speed up your work; three-sided hardened steel blades with a 1.2-inch cutting capacity
 - Aluminum rail for ultimate durability
 - Three-speed digital control: 3,000 / 3,500 / 4,600 SPM
 - Variable speed, instant-on trigger built into metal rear handle; secondary handle for ultimate control
 - Serviceable gearbox and blades provide easy sharpening and customization
 - Compatible with all 56V ARC Lithium™ batteries (available separately), recommended for use with a 56V 2.5Ah battery for maximum performance
-
