Product Description

EGO POWER+ Mower 30" Super Composite Deck with Dual Motors Kit

The EGO POWER+ 30" Super Composite Deck Lawn Mower with Dual Motors is the most powerful cordless walk-behind mower in its class*. It delivers powerful performance with up to 13.2 foot-pounds of torque in a lightweight, wide-cutting format. Its 30-inch deck features two motors that power two independent blades with adjustable speeds up to 3,800 RPM to generate powerful suction and increased lift for a precision cut. The Super Composite deck is constructed from an impact-resistant material with unmatched durability against even the harshest debris. It resists dents, rust, and corrosion. Strong, lightweight, and incredibly durable, the Super Composite deck from EGO is backed by a 10-year limited warranty. Use the LED controls to select blade speed between ECO, Normal, and Turbo modes or turn the bright LED headlights on or off for added visibility when mowing at dawn or dusk. Two cutting height adjustments with nine height positions from 1 to 5 inches allow you to select your preferred cut length via levers at the front and rear of the deck. EGO Touch Drive™ self-propelled technology puts complete control in the palm of your hands by using pressure of your palm to engage the self-propel system. Easily control the variable self-propel speed with a dial positioned at your fingertips for convenient operation. The 30-inch cordless lawn mower features Peak Power™ technology that combines the power of two of the industry's most advanced 56V ARC Lithium™ batteries, delivering up to 75 minutes of runtime on a single charge (with the two included 6.0Ah batteries). This electric lawn mower folds for compact storage. Experience Power Beyond Belief™ with the EGO POWER+ 30" Super Composite Deck Self-Propelled Lawn Mower.

*Based on 30" and below deck size walk-behind residential mowers tested in Chervon labs 2025

- Peak Power™ technology combines the power of two EGO 56V ARC Lithium™ batteries to deliver up to 13.2 foot-pounds of cutting torque for performance that exceeds 200cc gas-powered mowers without the noise, mess, or fumes
- Lightweight and durable wide format 30-inch Super Composite deck is optimized for powerful torque, fast blade speeds, and designed for easy, efficient maneuverability; deck is protected by a 10-year limited warranty

- Cuts up to 75 minutes on a single charge with two included 56V 6.0Ah ARC Lithium™ batteries
 - Touch Drive™ self-propelled technology puts complete control in the palm of your hands; engage the self-propel system with palm pressure on the handle, adjust speed with a dial at your fingertips
 - 3-in-1 functionality allows you to mulch, bag, or side discharge your grass clippings with this EGO lawn mower; it folds compact for easy storage
 - Dual motors power two independent cutting blades; select blade speed (ECO, Normal, Turbo) and turn LED headlights on/off with push-button controls
 - Nine cutting height positions, adjustable from 1 to 5 inches with levers in the front and rear
 - Reduced maintenance compared to gas — no spark plugs, air filters, oil, or belts to replace unlike a gas lawn mower
 - 10-year limited deck warranty, 5-year limited tool warranty, 3-year limited battery warranty
-
