Product Description

Bighorn Denali 1000 APEX UTV

Why let the forecast dictate your workday? Meet the Denali 1000 APEX HVAC, the premium workhorse designed to keep you productive and comfortable, whether it's a midsummer heatwave or a winter whiteout. Under the hood, this beast is powered by a high-performance 71 HP, V-Twin 976cc engine that pushes the limits with a 63 mph top speed. It's built for the heavy lifts, featuring a massive 1,760 lbs towing capacity and an electric parking brake for effortless control on steep grades. With room for three, you can bring the whole crew along for the ride.
